

Spectro Display Freeware Software License Agreement

This End-User License Agreement ("EULA") is a legal agreement between you ("you") and Spectro Display. By installing, copying, or otherwise using the Software, you agree to be bound by the terms of this EULA. The Software is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. The Software is licensed, not sold, and ALL SOFTWARE IS PROVIDED "AS IS."

Agreement

By using our software products you are automatically agreeing to and show that you have read and understood the terms and conditions contained within this Freeware Software License Agreement. This Freeware Software License Agreement is then effective while you use and continue to make use of these software products. If you do not agree with our Freeware Software License Agreement you must not use our software products - this Freeware Software License Agreement will then not apply to you. This Freeware Software License Agreement is subject to change without notice.

Freeware License Rights

Most of our software is provided free of charge. Occasionally the copyright holder may post a request for a donation in support of this software. This type of request does not change the classification of this software as freeware. Freeware software may be used as many times as you like, for as long as you like. You may integrate in other applications, copy and distribute copies of this program provided that you keep all copyright notices and disclaimers of warranty intact. You must not charge money or fees for the software product to anyone. You may not modify or extend the freeware to compete with us or by doing so help third parties to compete with us, be it for free or being paid. The copyright holder reserves the right to reclassify this software as a non-freeware product at a later date (i.e. shareware, licensed royalty software, or public domain). Doing so will not modify the license agreement of previously distributed executables.

You are allowed to incorporate the Software into proprietary programs.

Disclaimer of warranty on software

You expressly acknowledge and agree that use of the software is at your sole risk. The software is provided "as is" and without warranty of any kind and Spectro Display expressly disclaims all warranties, express or implied, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Spectro Display does not warrant that the functions contained in the software will meet your requirements, or that the operation of the software will be uninterrupted or error-free, or that defects in the software will be corrected. Furthermore, Spectro Display does not warrant or make any representations regarding the use or the results of the use of the software or related documentation in terms of their correctness, accuracy, reliability, or otherwise. No oral or written information or advice given by Spectro Display or an authorized representative of Spectro Display's shall create a warranty or in any way increase the scope of this warranty. Should the software prove defective, you (and not Spectro Display or authorized representatives of Spectro Display's) assume the entire cost of all necessary servicing, repair or correction. The entire risk arising out of use or performance of the software remains with you.

Limitation of Liability

Under no circumstances, including negligence, shall Spectro Display or its suppliers be liable for any incidental, special, indirect or consequential damages (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or any other pecuniary loss) arising out of or relating to this license, even if Spectro Display has been advised of the possibility of such damages. Some jurisdictions do not allow the limitation of incidental or consequential damages so this limitation may not apply to you. In no event will any copyright holder be liable to you for damages, including any general, special, incidental or consequential damages arising out of the use or inability to use the program (including but not limited to loss of data or data being rendered inaccurate or losses sustained by you or third parties or a failure of the program to operate with any other programs). The entire risk arising out of use or performance of the software remains with you.

Technical Support

Technical support may be provided via e-mail. While every effort is made to provide timely technical support no guarantees whatsoever are implied that technical support will be provided or that technical support, when provided, will be accurate. The Software is basically unsupported and supplied on an as-is basis unless you have obtained a specific maintenance contract agreement with Spectro Display.

Code distribution

You may not reverse engineer, decompile or disassemble the Software except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation or unless given expressed permission.

Copyright

All right, title and interest in and to the Software (including the copyrights in the Software and including, but not limited to, any images, photographs, animations, video, audio, music, text, and "applets" incorporated into the Software), the accompanying printed materials (if any), and any copies of the Software are owned by Spectro Display. The Software is protected by copyright laws and international treaty provisions. Except as permitted by applicable law and this License, you may not modify, rent, lease, loan, sublicense, or create derivative works from the Software.

Any company names, logos, trademarks and product names mentioned or shown on associated website(s) or in software products may be copyright, trademarked or registered trademarked by their respective owners.

Miscellaneous

If for any reason a court of competent jurisdiction finds any provision, or portion of this EULA, to be unenforceable, the remainder of this EULA shall continue in full force and effect. This EULA constitutes the entire agreement between the parties with respect to the use of the Software and supersedes all prior or contemporaneous understandings regarding such subject matter. No amendment to or modification of this EULA will be binding unless in writing and signed by Spectro Display.
